WHAT'S A DRC?

Disciplinary Review Committees (DRCs) are comprised of five members, appointed by the governor, with three members actively engaged in business as licensees and two members from the general public who are interested in public safety. DRCs are established to consider appeals regarding the Bureau's denials, suspensions, and revocations of licenses under its purview, as well as the assessment of administrative fines.

WHO CAN APPLY?

Applicants must be interested in public safety, be able to utilize objective critical thinking skills, and attend meetings consistently and punctually. Californians from all backgrounds are encouraged to apply!

WHY SHOULD I SERVE?

Serving in a DRC gives licensees a chance to lead, influence, and enforce their industry standards. For members of the public, getting involved in a DRC is a great way to learn more about consumer protections, serve your community and your state, and build your resume!

WHAT'S THE COMMITMENT?

Members serve a two-year term at the pleasure of the governor. Depending on the needs of the specific committee, meetings are held 2–12 times per year. Pursuant to Business and Professions Code Section 103, appointed members shall be paid a per diem of \$100 and shall be reimbursed for travel expenses.
